

Client Service Coordinator

Bayshore Home Health is Canada's largest home and community health care provider. We are Canadian owned and operate in more than 40 locations. Our success comes from a culture based on respect, continuous learning and improvement, and valuing our employees' individuality and contributions. We encourage all of our employees to make a difference.

You will apply your exceptional organizational skills to coordinate the client care and service commitment at the branch level. You will coordinate service requests, assess client care needs and schedule assignments for field staff. Your stress management and interpersonal skills are well suited for this challenging role. You will professionally resolve and document client concerns, and participate in client satisfaction initiatives that continuously improve quality levels. With at least two years of customer service experience, preferably in a health care environment, you are proficient with computers and have completed a recognized program in practical nursing or medical terminology.

Licensed/Registered Practical Nurse

Bayshore Home Health is Canada's largest home and community health care provider. We are Canadian owned and operate in more than 40 locations. Our success comes from a culture based on respect, continuous learning and improvement, and valuing our employees' individuality and contributions. We encourage all of our employees to make a difference.

Relying upon your accredited nursing expertise and commitment to quality, you will develop, monitor, and deliver nursing care in accordance with professional standards of practice. Your well-developed judgement will enable you to confidently assess client service needs and perform routine nursing duties. At the same time, your exceptional interpersonal skills will ensure that client emotional and physical needs are met. With at least two years of nursing experience, preferably in a community setting, you have graduated from an accredited nursing program, and are licensed with a provincial nursing regulatory body.

On-Call Client Service Coordinator

Bayshore Home Health is Canada's largest home and community health care provider. We are Canadian owned and operate in more than 40 locations. Our success comes from a culture based on respect, continuous learning and improvement, and valuing our employees' individuality and contributions. We encourage all of our employees to make a difference.

Applying your exceptional organizational and communication skills, you will coordinate client care service inquiries, receive service requests, assess client care needs and schedule assignments for field staff. You are a detail-oriented team player with proven data-input skills and your commitment to thorough documentation ensures that all client concerns are tracked and efficiently resolved. Your ability to prioritize tasks within a fast-paced environment rounds out your well-balanced skill set. You have at least two years of customer service experience (preferably in a health care environment), are proficient with computers and have completed a recognized program in practical nursing or medical terminology. Must be available for evening, and weekend shifts.

Personal Care Companion

Bayshore Home Health is Canada's largest home and community health care provider. We are Canadian owned and operate in more than 40 locations. Our success comes from a culture based on respect, continuous learning and improvement, and valuing our employees' individuality and contributions. We encourage all of our employees to make a difference.

You will apply your interpersonal skills to provide companion services to clients. Your commitment to quality care will ensure that your support is aligned with appropriate policies, procedures and care plan targets. As you assist clients with activities such as reading, educational sessions, playing games or walking, you will also carefully observe their condition to ensure health and well-being. You are able to handle difficult situations with confidence and empathy, and will retain records of services provided. You have at least one year of experience in a similar role and preferably a secondary school diploma.

Personal Support Worker

Bayshore Home Health is Canada's largest home and community health care provider. We are Canadian owned and operate in more than 40 locations. Our success comes from a culture based on respect, continuous learning and improvement, and valuing our employees' individuality and contributions. We encourage all of our employees to make a difference.

As a key member of the client care team, you will provide high quality personal care services that are in accordance with care plans, policies and procedures. Your exceptional interpersonal skills and ability to follow instructions will enable you to assist clients with various personal support tasks such as personal hygiene, exercises, meals and medication reminders. You are committed to ensuring that the physical and emotional well-being of clients are met, and you bring a dedicated client-first attitude to this important role. Along with at least one year of personal care experience, you have graduated from an accredited personal care worker program.
